

SENIOR LIVING COMMUNITY

SERVICES WE OFFER

Living at **Summerfield** gives our residents every opportunity to keep active, stay involved and age gracefully.

Home Cooked Meals

Our chefs plan meals that are similar to recipes that residents have prepared over the years. Fresh fruits and vegetables accompany every meal.

Housekeeping and Maintenance

Friendly housekeepers and maintenance staff are scheduled to clean and maintain your apartment.

Transportation

Scheduled transportation to medical appointments is provided as well as weekly shopping trips and social outings.

Our commitment to seniors is the benchmark for everything we do... our residents come first!

Life Enrichment Activities

We try to stimulate our seniors in social activities, physical skills, and mental stimulation activities.

As important, we encourage our seniors to express their opinions, desires and feelings, so that they can be part of a "living community".

Personal Care Services

Our Care staff is available to help with reminders, assisting in showering, and sometimes just to be a friend.

Salon

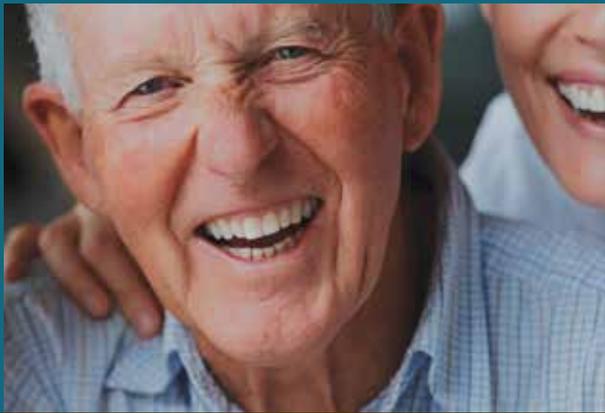

A beauty shop is on site to keep our seniors looking good.

MEMORY CARE

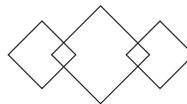

Our memory care communities provide a secure, positive, caring and failure-free environment for seniors challenged with memory loss. Our memory care team members understand that memory loss is a progressive journey that diminishes the quality of life for every resident differently. We rise to the challenge through specialized programs incorporating each resident's life history, current abilities and interests to provide a stimulating and supportive environment. We understand that with memory loss, what remains is far more important than what is lost. This focus on each resident's unique remaining abilities helps us strive to create success stories one small victory at a time.

ASSISTED LIVING

Our assisted living and personal care communities offer a personalized lifestyle for our residents that balances independence and assistance with Activities of Daily Living. Residents enjoy the privacy of their own apartment and the security of 24-hour personal assistance. We believe Assisted Living should empower our residents to remain independent and connected by celebrating their unique identity, life experiences and dreams. Our residents enjoy an active lifestyle while benefiting from a broad array of services and amenities.
